Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same

chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

TRANSITING NEPTUNE TRINE RADIX SUN - Life has a dreamy quality during this phase. You slow down and reflect on your life so that you can embrace a more creative, artistic or spiritual lifestyle. An artistic or philanthropic project may flourish during this phase, but not business or high-powered ambitions. Your perceptions of yourself and your life are changing in subtle ways. There is a spiritual purpose and you may benefit from meditation or prayer. You may also feel an urge to spend more time in nature, art galleries or at the theatre. It is a good time for meditation, quiet reflection, or a compassionate cause. Outdoor water sports may also hold some appeal encouraging you to keep fit while enjoying lakes, oceans and rivers. In other words it is time to take an easier pace and to make sure that your life path is attuned to your most private self.

9 Oct 2012 (1 Oct 2012 to 18 Oct 2012)

TRANSITING SATURN CONJUNCTION RADIX JUPITER - This transit is all about making your dreams reality. You are being forced, whether you like it not, to reassess your goals in life. This can be a painstaking process. Any goals which have been impractical and far-fetched will need to be revised in a more practical light. Your usual resources may not be readily available, forcing you to delve deeper for ways to get things done. By the end of the transit you may feel a renewed sense of commitment to your goals. This can be a time when you discover your spiritual purpose. But beware because this transit can really dampen your spirits. Your usual buoyancy and optimism are overshadowed by an awareness of life's hardships. Whereas once you could see light at the end of the tunnel, now you see only the obstacles along the way. Doors that once seemed to swing open, now ominously stay shut. It may be that an authority figure or an external event is literally limiting your options, or simply that you are going through self-imposed hardship. Either way you would do best to recognise that this is a passing phase, and circumstances will change and life will not always be seen through such a pessimistic lens. On a more positive note this can also be a time of wise decisions and increased commitment. If you have been careless in the past, this can be a time when you slow down and take on a more sober approach to life with long-term benefits.

TRANSITING URANUS SQUARE RADIX MOON - This is a time of fluctuations in your home life and in close relationships. You will be forced to acknowledge both your own and your loved

one's emotional needs. Problems which have been simmering under the surface will erupt now so that you may find resolutions. You may not feel comfortable and may be tempted to break free from restrictions. The opportunity afforded by this transit will transform your private life making it more satisfying and suitable to your individual needs. However, this will take patience and honesty and you must be careful not to act recklessly.

26 Oct 2012 (18 Oct 2012 to 3 Nov 2012)

TRANSITING SATURN CONJUNCTION RADIX MIDHEAVEN - Your place in society is highlighted during this phase of your life. If you have lived with integrity, focusing on achieving your personal goals while being of service to the community then it is time to reap the rewards of all of your hard work. Something that you have been planning for many years, anywhere from seven to 21 years, is about to come to fruition. You are at a peak. This could be related to your profession, parenthood, marriage or even your home. Perhaps you have been planning to build your dream house and now have the means to carry out this plan. It is more likely that you are gaining fulfillment in your professional life. Perhaps you have just landed an important account at work, or received a long-awaited promotion, or started a new job better suited to your skills. It is also possible that a project that you have been working on for many years is receiving recognition and rewards. If in the past you have chosen your profession in order to please someone else such as a parent or spouse, this can be a time when you decide to take responsibility for your own career choices and begin the process of changing professions. It can also be a time of extra social responsibilities, or a change in social status such as marriage (or divorce). Whatever your personal circumstances you now receive the recognition that you richly deserve. Generally speaking this is a positive time, particularly if you take your time to carefully consider your options. However, it can have some negative outcomes. For instance, this time does not augur well for you if you have shirked your responsibilities or if you have misused other people in your climb up the corporate ladder. In these circumstances, you are likely to suffer the consequences of your past behavior. You may face demotion, unemployment, the forced sale of your house, or perhaps even legal action. The planet Saturn is known as the planet of retribution. You are currently reaping what you have sown over the past seven to 21 years. You would be well advised to live up to your responsibilities at this moment in time. Accept your accolades and opportunities with grace and you can thoroughly enjoy your achievements. Face any tribulations with integrity and you will turn matters to your ultimate

advantage. Whatever the circumstances you now have the ability to consolidate your life purpose and enjoy the fruits of your labour.

28 Dec 2012 (29 Nov 2012 to 26 Jan 2013)

TRANSITING PLUTO SQUARE RADIX MARS - On the one hand this can be a positive stage of your life whereby you have plenty of energy and drive to achieve your ambitions. You rise to the challenges presented to you and perhaps even take on a leadership role. On the other hand tensions can arise as you push to further your ambitions. You may not be aware of the powerful effect that you are currently having on the people around you, particularly if you are usually a quiet, unassuming person. It could be that, in your excitement to get ahead, you are pushing too hard for your own selfish purposes. On the other hand it could be that someone else is upset at your success and therefore keen to throw a spanner in the works. Either way it would be wise to refrain from angry outbursts, which will only upset things further. You would do better to slow down a little and reassess your actions so that you are only putting energy into projects that mean a great deal to you. A little self-control could have long-term benefits, and the danger of this transit is that you could lose long-term benefits in your eager efforts for short-term gains. You may also benefit from releasing some of your pent-up frustration through a contact sport or by joining a gym.

10 Apr 2013 (24 Mar 2013 to 29 Apr 2013)

TRANSITING URANUS OPPOSITION RADIX MARS - Right now you are restless! Urges that you never knew you possessed are coming to the surface and refuse to be ignored. You feel like a "cat on a hot tin roof", as the saying goes. The more you have suppressed your natural instincts during your life so far, then the more agitated you are likely to feel during this phase. If you have been fortunate enough to express yourself freely during your lifetime then you may be less agitated, but still eager to let off some steam. It is also possibly that it is not you who is experiencing this restlessness, but someone close to you. It is most likely to be a man rather than a woman, who is testing your patience. Events and other people are likely to act in an unpredictable fashion threatening your usual sense of security. The combination of the two planets Uranus and Mars is a challenging one. The challenge is to find a positive outlet for the pent-up energy that surrounds you, either your own or someone else's. Participating in sports can be highly beneficial, however; it is vital that you avoid all daredevil sports during this phase. You are particularly accident-prone during this transit and should avoid taking unnecessary risks. Therefore you also need to take extra care when driving your car or heavy machinery. This can be a highly productive period of your life if you can exercise patience and understanding while finding a positive outlet to express yourself.

TRANSITING JUPITER OPPOSITION RADIX ASCENDANT - The joy of being in relationship with other people is likely to surface during this stage of your life. You enjoy socialising with your loved ones, perhaps spending time delighting in their interests rather than your own. Even if you are introverted you are likely to want to spend more time with someone intimate. If you are married, then your love is bound to grow and flourish right now. You enjoy intimacy with your spouse and, in turn, your loved one responds positively. If you are not married then you may meet someone who has a beneficial effect. You may even decide to get engaged or married during this period. Gifts and appreciation flow in your most intimate relationship. Any potential business partnerships also support your goals right now. You are likely to strike up a mutually beneficial contract. Just make sure that you are not too ambitious in your goals. Sometimes this transit can highlight the problems, which exist in your relationship. These difficulties may be blown out of proportion and you would be wise not to make any hasty decisions. It is more likely that you experience a real sense of well being and happiness in your marriage, potential marriage or business partnership. So make the most of this positive phase and let those you love know how important they are to you.

TRANSITING JUPITER CONJUNCTION RADIX SUN - This is a time of optimism and self-confidence. Currently you have the ability to achieve your goals through your own efforts and with the support of benefactors. Your self-assurance is at an all-time high and you feel that you can take on the world. You can see that your goals are within reach, and with good fortune success comes easily now. You are also more benevolent than usual, happy to share your good fortune with others. Abundance and prosperity are key words for this period. Your opportunities to spread your wings can come in a variety of ways. Perhaps you have always wanted to travel around the world or study at an academic institution. Now is your chance. On the other hand you may have dreamed of getting some creative work published or staged. The time is ripe to contact those in a position of authority. You may also be drawn to religion during this phase, questioning your philosophy and looking for answers. Your good nature is likely to be attractive to other people and you may receive recognition and appreciation. This is a time to expand your world rather than sit at home and let the world pass by. However, you also need to be wary of being grandiose. It is important that you show restraint in your pursuit of happiness. This also applies to your body. Ensure that your diet is healthy and that you are exercising regularly so that your girth does not expand. Remember that moderation and balance are also important and you easily attract the co-operation of important people.

TRANSITING JUPITER TRINE RADIX JUPITER - Lucky in love and life can be the catchphrase for this transit. Although it is not as powerful as some other Jupiter transits, it is a time of optimism and good fortune. Do not pass up opportunities, but use your discrimination regarding the opportunities that come your way. You may find that the opportunities that arise are connected with travel, study, and anything that expands your horizons.

TRANSITING JUPITER TRINE RADIX MIDHEAVEN - Doors are opening in your professional and social circles. Success is within your grasp if you seize the moment.

21 Aug 2013 and 19 Oct 2013 (5 Jul 2013 to 30 Nov 2013)

TRANSITING PLUTO SQUARE RADIX MARS - On the one hand this can be a positive stage of your life whereby you have plenty of energy and drive to achieve your ambitions. You rise to the challenges presented to you and perhaps even take on a leadership role. On the other hand tensions can arise as you push to further your ambitions. You may not be aware of the powerful effect that you are currently having on the people around you, particularly if you are usually a quiet, unassuming person. It could be that, in your excitement to get ahead, you are pushing too hard for your own selfish purposes. On the other hand it could be that someone else is upset at your success and therefore keen to throw a spanner in the works. Either way it would be wise to refrain from angry outbursts, which will only upset things further. You would do better to slow down a little and reassess your actions so that you are only putting energy into projects that mean a great deal to you. A little self-control could have long-term benefits, and the danger of this transit is that you could lose long-term benefits in your eager efforts for short-term gains. You may also benefit from releasing some of your pent-up frustration through a contact sport or by joining a gym.

18 Jul 2013 (13 Jul 2013 to 22 Jul 2013)

TRANSITING JUPITER CONJUNCTION RADIX MOON - This is a feel-good transit. In other words you feel good about yourself, your life and your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know how to have a good time, and indulge yourself. The only concern is

the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

6 Aug 2013 (2 Aug 2013 to 11 Aug 2013)

TRANSITING JUPITER SQUARE RADIX MARS - You have plenty of drive and energy right now. This can be directed in to personal or work projects or perhaps a sport. You are keen to take the initiative and move ahead with your plans. Perhaps you have been planning to travel abroad or to study martial arts? On the other hand you may have been waiting for the go ahead on a special project or for a promotion at work. Now you receive the good news and are able to step into action. You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.
